

Follow Spot 350

Technical Parameters Power Signal

- Input Voltage : AC 110-240V 50/60 HZ
- Rated Power : 450W
- Light Source Power : 350W
- Light Speed Angle : 23°
- Strobe : 1-7 times/second
- Maximum Irradiation Distance : 50-100m / 164.04-328.08ft
- Heat Dissipation System : High-intensity Air Cooling
- Light Colors : White, Yellow, Orange, Green, Blue, Red
- Control Signal : Self-configured Signal, Supporting DMX
- Color Temperature Correction : 5600k in Normal, 6000K in High and 3200K in Low

Physical Parameters

- Product Size (Follow Spot) : 68 x 29 x 20 cm
- Product Size (Tripod) : 75 x 120-152 cm
- Product Weight : 15 kg
